# About Meyer

## Our Mission

"Meyer Organics strives to respond sensitively to consumer needs, researching and developing scientifically proven healthcare solutions of a quality and efficacy suitable for world healthcare markets."

## Corporate profile

MEYER Organics is one of the leading pharmaceutical manufacturer in India, founded in 1982 in technical collaboration with OMEGA - MEYER Ltd., Jersey (Br. Isles).

Meyer has manufactured innovative health care products for over three decades; Meyer is committed to excel in human health care & research.

Through shared marketing know-how and promotional support, Meyer Organics' strategy is to provide professional and comprehensive support for its international partners.

## Headquarter and Manufacturing sites

Our worldwide headquarters is at Mumbai, India for controlling marketing and operational activities

Meyer has three major manufacturing sites, one at Thane the other at Ambernath and a WHO-GMP certified unit at Bengaluru (Bangalore)

## Global Network

Meyer is involved in growing existing markets and establishing new opportunities worldwide

We currently serve a wide range of products in more than 30 countries including African, Middle East, Caribbean and many Asian countries, on the mark to establish networks in Latin American regions as well.
